

LPG PRICES IN DELHI (2014-2022)

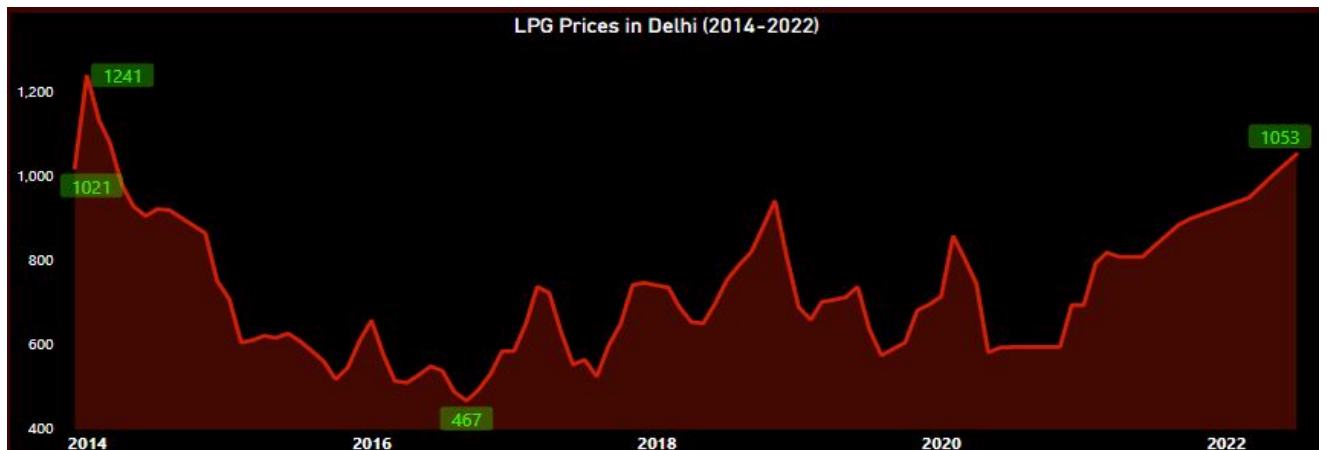

Fig. 1 Area Chart of LPG Prices in Delhi

**Note -:* This chart shows that the LPG prices are approaching the 2014 levels due to global turmoil in prices. The rising prices are surely going to affect millions of households all over the country depending upon the clean fuel LPG. The section of people receiving regular support from government in form of rations under PM-AAY and other schemes might be among the most affected.
