

# ECONOMIC EFFECT OF VIOLENCE IN 2021

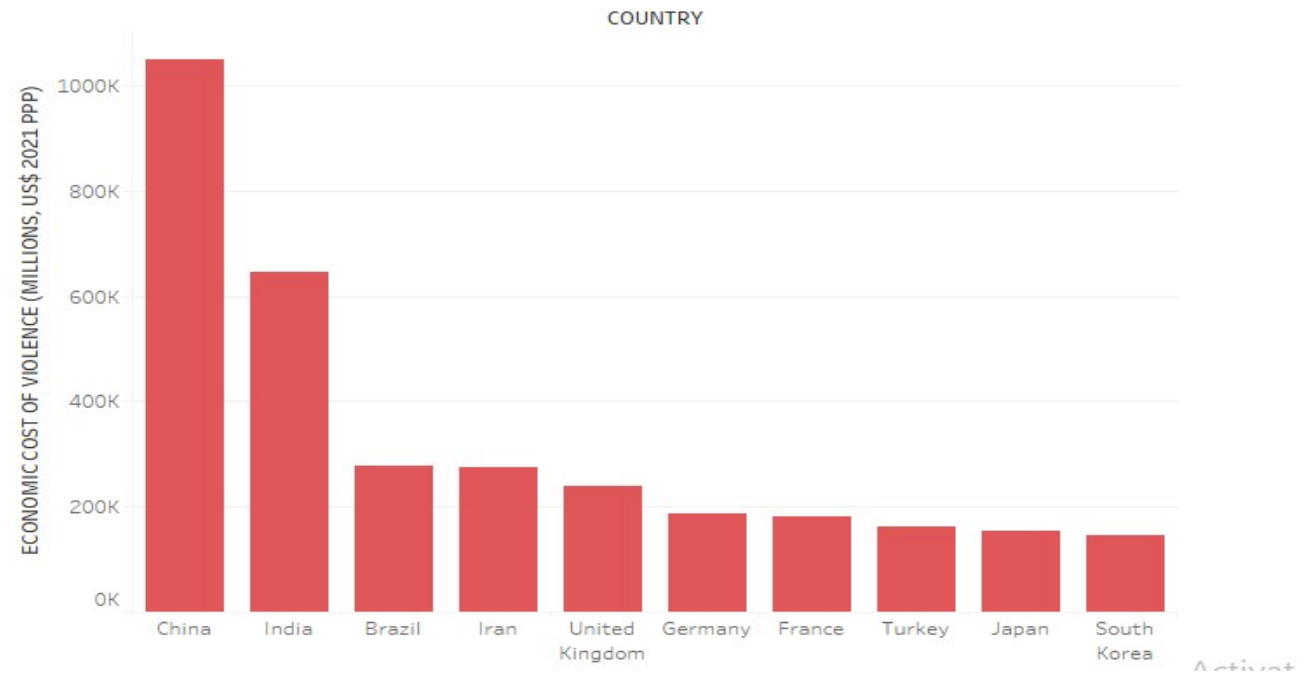

Fig. 1: A Bar Chart of Top 10 countries suffering the highest cost due to violence in 2021

## Economic Cost of Violence (2021)

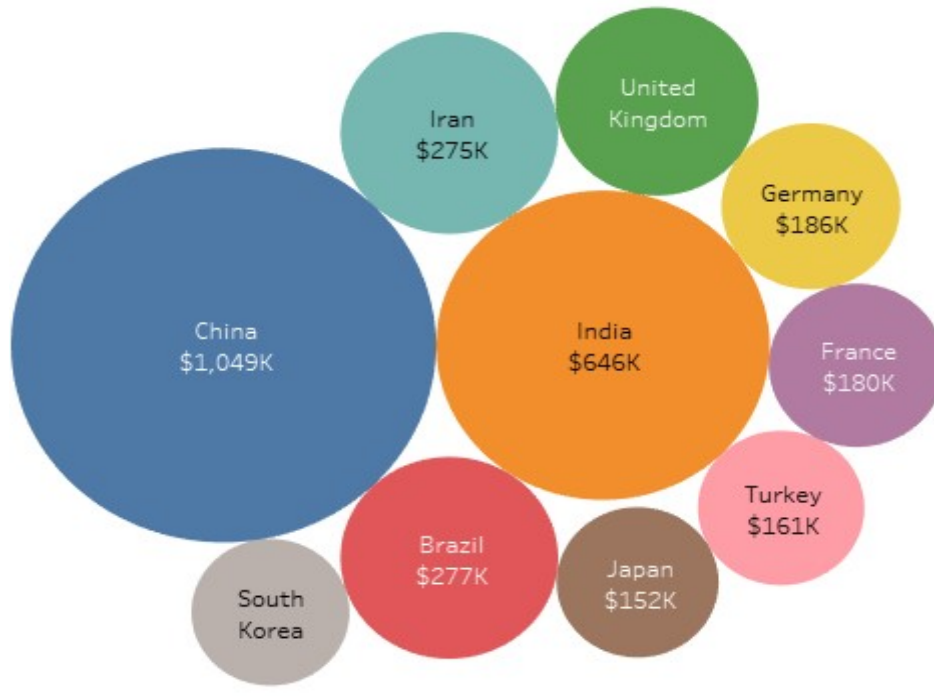

Fig. 2: A Bubble Chart description of cost of violence of various countries (Amount in Million \$)

\*Note:- The data is from “Global Peace Index” Report 2021. India suffered an economic cost of **\$646 billion** directly and indirectly due to violence in 2021. This is alarming as it is around **₹50,000 crore** and 4% - 5% of GDP.
